

Outdoor Adventures Trip Cancellation and Refund Policies

In order to minimize the likelihood of canceling your trip registration, please reach out to your trip leaders prior to registering to confirm 1) that the trip is appropriate for your ability/experience, 2) that you will have access to all necessary personal equipment, and 3) the contingency plans for a trip in case of poor conditions. Trips operate come rain or shine and typically change location or sometimes even activity type well before being completely canceled by  Outdoor Adventures.
